You had a nightmare? Look at your sweat.
Oh? Yeah..

Is it the dream when you were young again? Did you see his face this time?
No It's blurred.

I told you to try to remember it. If I know who is he, I'll find and give him a merry hell!

Yeah..

A werewolf who seems to be my mother got caught by someone...

And the voice that shouted telling me to run

It's the content that comes out every time I have that dream

What happened to Mom that she's trying run away for him..?

Get ready if you had woke up. You have to go to school from today.

Ah, right School!!

You have to take a shower
I already did before sleeping yesterday. It's okay

I'll leave you and go to school alone.

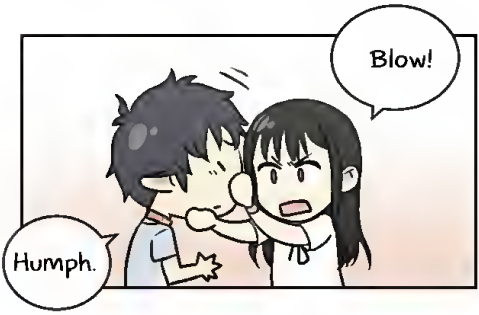
Ah, you're not going to wipe thoroughly?!
Stop~ Why did I have to wash all the time? I hate water.

I hate to see you in a messy appearance in front of the other students.
I'll bring you as clean as I can so that they cannot put you down.

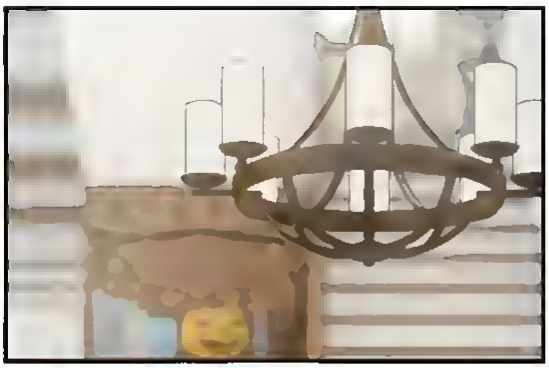


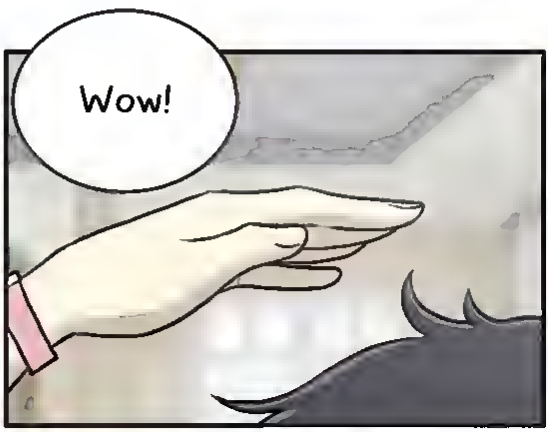
Blow!
Humph.

Wash your hair yourself. Make sure to dry it before going out. Understand?

You!!

Argh!!



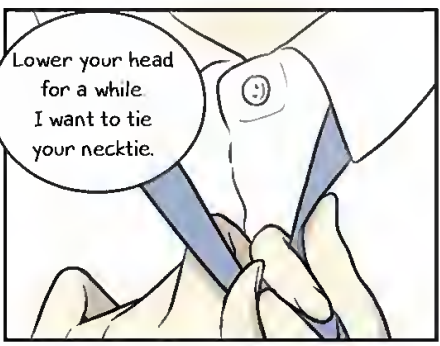


Wow!

Now I see that you have grown up really tall. When are you this big?
I think you were around my height just some time ago
Really?

Stop growing up.
I feel defeated

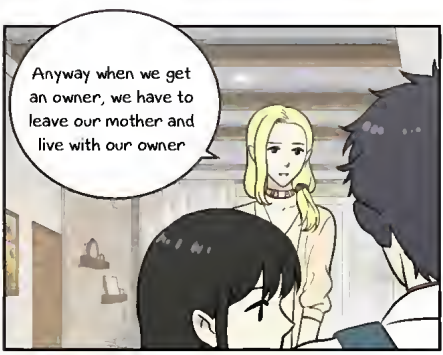
Yeah.
I'll do that



Lower your head
for a while
I want to tie
your necktie.

But don't you
miss your mom?
If you were separate
at that time, the time
you spent together
would have been short

Even if I miss her
I don't remember
how she looks



Anyway when we get
an owner, we have to
leave our mother and
live with our owner

So it's better
to forget our past.
Now you have to
be an adult.
.....

It's only natural that you miss your mom. Is there anyone who doesn't miss their mom?
Weird!

Ah. Yes, it is. Haha
Haru. Have fun at school.
Yes 네
Sob!

Anyway, she's so annoying. She talks as if she knows everything.
And do you know she keeps an eye on me everyday and tells dad everything?

Really creepy.
Hey. No way~

I say it's for real. You don't believe me?
Ah.. No. I believe. So don't be angry

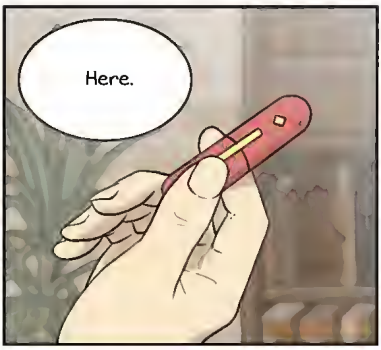
Anyway, dad tried to asked around about people who did that to werewolves after hearing your story, but he said he could not find him.
Your mom must have escaped from that person and is doing fine.
Nowadays such people are punished

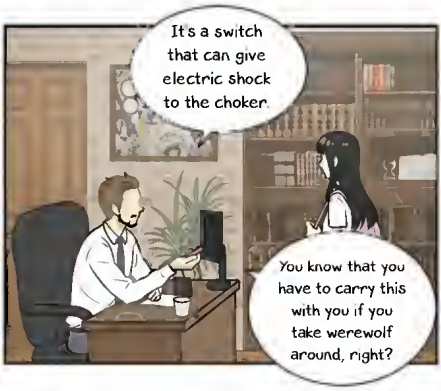
If you remember your mom's face, let's find her together.
Yeah.

Done. Oh~ You're cool
Hehe

Hana Can you come here for a while?
Yeah~



Here.



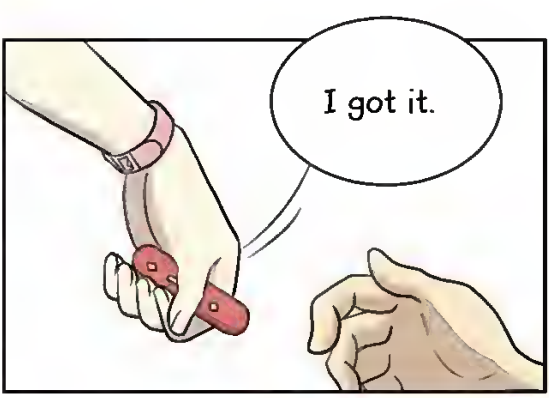
It's a switch that can give electric shock to the choker.
You know that you have to carry this with you if you take werewolf around, right?

It's no need What is so dangerous about our Haru?
I don't need something like this.

I know. But you carry this as a precaution.

It will not happen..
But if Haru hurts someone like that werewolf, it'll be dangerous for Haru.
.....

Don't think it's too bad. Okay?



I got it.

She looks at us badly.
She might harrass you

If you're worried about me, why don't you walk in front instead of hiding behind me!

And do you think everyone is a gangster?
Do those people look like bad person?
..No.

We cannot threaten people to live together for a long time.
I want to live for a long long time with you.

If I do that, I cannot live with you?

Dunno.

So no matter
what happen

Do not harm
or bite people.
Never! Understand?

No
They said it can be like that!
You know werewolves shelter aren't you?
If you hurt someone, you could go to that shelter.

Yeah.

Even though they are really bad people?

No matter who they are!

Okay, promise.

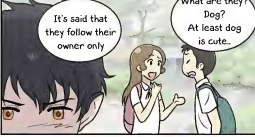
* Naru High School

They really come to school. Is she the owner?
He has fur on his ears. Does he has no tail?
My dad said they will get tails when they transform to wolves

But they don't know how to transform to wolves
Really? What werewolves are like that Haha

Grr..

You don't have to feel uncomfortable about the random students.
Ignore them.



It's said that they follow their owner only
What are they? Dog? At least dog is cute..

Why did they have to live with us while educating them?
Right. If they're that dangerous, just let them stay at house. It makes me anxious.

If you're that anxious, how about you just stay home!!
Do you think our Haru goes to school because he wants?!

And look at how cute he is!!!
